

Hi Team,

We are pleased to introduce the new updated club uniform. As a Club, we felt now was a great time to have a refresh. The full uniform options can be reviewed in the attached FFD Presentation and on our website - <https://fairfieldswimclub.co.nz/uniforms> We hope you like the new look.

All the new items are now available to purchase, from today through to Tuesday 15th Dec. Order requirements need to be sent through to the following e-mail address: deahnngt@yahoo.co.uk. Please use the requested order format which can be copied from the **Size and Ordering Guide for FFD Uniforms 2020** attached to this e-mail, and available on our website. We will have a couple of samples (not in our colours) available to look at during the week if anyone is interested, prior to making their purchases.

Pricing including GST is highlighted in **RED** on the Kukri presentation. Items will be invoiced direct to members after orders are placed.

Orders generally take 8 weeks to arrive. We have been able to schedule this first order round to ensure delivery in time for Aqua Knights in February next year. We would encourage those looking to attend Aqua Knights to purchase the new KDL T-shirt so that those attending are all wearing the same team uniform. We also suggest those looking to attend Waikato Juniors (March) and Div II (May) purchase their requirements at this time, as the Club will not be holding stock of the new items.

We encourage as many members as possible to purchase the new KDL T-shirt as a minimum. Moving forward, it will be the preferred T-shirt for attending swim meets. This way we continue to look like a team when attending meets and should easily stand out from the crowds. If you would like your name printed on the back this is also an option and should be noted when sending through your order requirements.

For those with existing uniform, fear not, your existing uniform items are not redundant, as these can still be worn to trainings, pool side training, activations, and camps etc. along with the new blue technical vests, should you wish to purchase one of these. You can also wear it any time you want around town/school etc. to help advertise FFD.

Dependant on demand we will open ordering again next year but these timeframes are yet to be confirmed.

Should you have any questions regarding the ordering then please make contact with Deahnn Riley: deahnngt@yahoo.co.uk

Kind Regards,

Fairfield Swim Club Committee
